VNA Book Club

Is reading more books one of your resolutions for 2024? Then we have a great book for you!

Our next book is *The Covenant of Water* by Abraham Verghese. We will be discussing it on February 22nd at 7pm in person. Please note the new time of 7:00. We'll choose the next book at that meeting.

Please let me know if you would like to volunteer your home for our meeting place.

Happy Reading!

Monroe St. Library

Public Health has sent all the libraries more Covid test kits. You are welcome to pick some up (two boxes per household) as long as supplies last.

Tuesday morning storytimes for kids ages 5 and under will start again on Jan. 16 at 10:30.

MPL's latest book club kits:

Paved Paradise: How Parking Explains by the World by Henry Grabar, an entertaining, enlightening and utterly original investigation into one of the most quietly influential forces in modern life: the humble parking spot.

Let Us Descend by Jesmyn Ward. In the years before the Civil War, Annis, sold south by the white enslaver who fathered her, struggles through the miles-long march, seeks comfort from memories of her mother and stories of her African warrior grandmother, opening herself to a world beyond this world.

Saturday Night at the Lakeside Supper Club by J. Ryan Stradal. A story of a couple from two very different restaurant families in rustic Minnesota, and the legacy of love and tragedy, of hardship and hope, that unites and divides them.

Pineapple Street by Jenny Jackson. A deliciously funny, sharply observed novel of family, wealth, love and tennis, this zeitgeist debut follows three women in an old Brooklyn Heights clan: one who was born with money, one who married into it, and one, the millennial conscience of the family, who wants to give it all away.

Monroe Street Library is open weekdays 10 - 6 except closed Thursdays, and Saturday 9 - 5. Call us at 608 266-6390.

Job shadow program looks to connect officers, community members in new way

The Madison Police Department has created a special job shadow program allowing community members and officers to learn from one another.

The Madison Proximity Project pairs a Madison resident with an officer. The officer will shadow this person at their place of employment, and in return, that person will participate in a ride-along with the officer.

There are six pairings in the inaugural round. The co-learning experiences will take place throughout the month of January. The first occurred on Thursday when a sergeant shadowed the program manager for [Operation Fresh Start](#).

Participants will come together, over dinner, in February to share what they've learned.

"We believe in the power of "proximity" as a force multiplier in our efforts to connect with the Madison community," Madison Police Chief Shon Barnes said. "You cannot increase trust and bridge gaps from a distance. You must be willing to establish meaningful relationships in order to increase trust.

"I believe this opportunity will do just that, by creating a program that we hope will lead to a lasting relationship of mutual trust and understanding between a valued community member and a member of our police department."

Anyone interested in participating in future rounds of the project can email Madison Police Department's Community Engagement Specialist Alex Ricketts at aricketts@cityofmadison.com.

For your calendar **2024 VNA meeting schedule**

These are mostly on the fourth Wednesday at 6:30, with a few changes noted below. We'll use Zoom through April and consider in-person meetings over the summer and for the annual meeting in November. A few noteworthy items:

- The January meeting is the THIRD Wednesday, January 17th due to schedule conflicts and the gap from December.
- The March and April meetings are combined to April 10 to avoid Spring Break. Usually a slow period anyway.
- The May to October meetings are all on the fourth Weds. and are scheduled in Zoom as "recurring" (one invite below for all). Any in-person locations TBD.
- The November and December meetings are the THIRD Wednesdays, 11/20 & 12/18 to avoid holidays.

Thanks to all of you for your contributions to our neighborhood.

Lots of puzzle activity of late. Take home a puzzle from the library, and/or bring in finished ones from home to add to the swap.

Here's one thing we DON'T want to swap: Covid 19. We have home tests for you to pick up. Each household is welcome to take two kits (four tests total).

Thank you to all who donate books to the library. We are grateful! A reminder that if you want to leave boxes of books at the back door, please call or stop in and let us know you're doing so. We can't use soggy boggy books.

Monroe Street Library is open 10-6 weekdays except closed Thursdays, and 9-5 Saturdays.

See you soon,

How to Have Your Christmas Tree Collected

- The Streets Division provides two rounds of curbside collection for Christmas trees.
- Crews collect trees only. Wreaths, boughs, and other evergreen decorations go into the trash.
- The first round will begin on January 2, 2024, following the New Year's Day holiday.
- The second and final round begins on January 16, 2024, following the Martin Luther King, Jr. Day holiday.

- Both collections are weather dependent as snowstorm response takes precedence.

- In order to have your tree picked up at the curb, please help the crew by following instructions and putting them out at the right times.

- Failure to follow the instructions below may result in your tree being left uncollected at the curb.

- Remove all tree stands regardless if they are metal or wood.
- Remove all tree decorations such as lights, tinsel, ornaments, tree toppers, and so on.
- Do not place your tree into any kind of bag.

When Should You Set Out the Trees & When Will the Streets Division Collect Your Tree?

Round One Information - January 2, 2024

- In order to have your tree collected during the first round, set your tree to on the terrace or right-of-way space near the public street by your home on or by 6:30am on January 2.

- Trees set to the curb on or before January 2, 2024 will likely be collected sometime between January 2 and January 12, 2024, depending on weather conditions and crew availability.

- If you place the trees out for collection after January 2, your tree may not be collected until the second round.

Wreaths, Garlands, Boughs, Other Evergreen Decorations

- Do not place wreaths, evergreen rope, garlands, and boughs out for tree collection.

- These belong in the trash.

- They contain wires or metal that can damage wood chipping equipment.

[Monona Terrace to Close for Renovation in January](#)

Monona Terrace Community and Convention Center will be closing to the public for just over two weeks in January for facility improvements. The closure will begin on Tuesday, January 9, 2024 following the Madison Home Expo, through Friday, January

26, 2024. Planned projects include replacement of the facility's signature carpeting, restoration of wood doors and furniture, resurfacing of the kitchen flooring, painting throughout the building, and other repairs.

The City of Madison is thrilled to announce we have been selected to receive a [\\$25,000 urban forestry grant from the Wisconsin Department of Natural Resources](#). With this funding, the City of Madison Urban Forestry section of the Streets Division will undertake two projects.

First, funds will support establishing a gravel bed holding system for approximately 400 bare root trees. These trees are less expensive, easier to plant, and have a greater chance of thriving than other options. In the gravel bed process, small bare root trees are installed in the spring, lightly irrigated in loose gravel throughout the summer, and transplanted to their eventual home in terraces or parkland in the fall.

The second project is the integration of an efficient watering solution into the Urban Forestry planting program. After planting a new trees, they should be watered every two to three days to ensure their survival. With the grant funding, Urban Forestry will purchase devices called "TreeDiapers" that are installed beneath the mulch at the time of planting. These devices absorb moisture and then slowly release it to the tree, which will help young trees endure hot, dry summers like what we experienced this past year.

Madison Police Dept.

Greetings and Happy New Year, Vilas People!

I bring tidings of joy and new beginnings as well as some unjoyous (?) reminders about financial safety. But first, the fun stuff.

You may have noticed that many of our MPD squads have two officers in them and, if you have been witness to a call, you might have noticed a larger response than usual. Have no fear, this is not a reflection of recent crime trends or officer safety concerns.

Rather it is field training time. So, coincidentally the New Year is bringing in new officers. Our 2023 Academy started field training in late November and most will wrap things up around late January or early February. During that time the 40+ strong class will ride with field training officers at various shifts and districts. This is an exciting time as our department prepares the next group of responders to be proficient in constitutional law, criminal statutes, emergency driving, and professional communications. So far I can report that they are doing well, have tremendous attitudes towards learning and improving, and are excited to serve this great city. So, if you see a squad of two please feel free to say hello and maybe wish our new officers good luck in their training.

And as we continue this journey into the New Year there will of course be changes in the Midtown district. Every year MPD holds a "shift pick" during which our patrol officers choose new assignments or to continue with their existing beat. While this is always a nerve wracking time, think NFL draft without the booing Jets fans or the fantasy implications, it is also exciting to learn who will be paired together in each district. I can happily report that the Midtown district will be served by some of the best officers in the department. There is a strong mix of younger and more experienced officers who will provide you with tremendous service.

Now to the less fun. Unfortunately, job security aside, crime will not disappear in 2024. I would like to highlight one particular concern especially as I have read about financial fraud crimes recently. Of particular note I want to make you aware that there is a continuing scam in which an individual identifies themselves as a law enforcement officer when attempting contact by phone or electronically. The scam involves some type of threat that you or a loved one has an outstanding warrant or citations that must be resolved immediately. The information sounds convincing and the perpetrators will try to use verbiage that sounds like something law enforcement would say. First, rest assured law enforcement will not contact you by phone and demand payment be made, especially by going to a bitcoin ATM or other cash advance kiosk.

That is not how warrants and citations work. Second, if you have any question about the veracity of the information you should advise the person that you will contact the supposed agency yourself and that agency can put you in contact with someone. Pro tip, if the person says that you cannot hang up on them or else that will constitute an attempt to flee or elude that is red flag that they are attempting to defraud you. Hang up anyway (you can drop my name if you think it will help 😊) and proceed to call a verified phone number for the supposed law enforcement agency contacting you. Remember, you can always contact the Dane County Non-Emergency Dispatch line at 608-255-2345 and confirm the information you are being given and/or ask to have a verified law enforcement officer contact you.

Well, that is enough rambling from your *favorite* beat cop. I hope that 2023 has been a spectacular, or at least tolerable, year and that you are looking forward to all that 2024 promises to be. Enjoy the wonderful Wisconsin winter, cheer on the Packers and Bucks, and stay safe and warm.

Most Sincerely,
PO Jeff Hayes
